SIR

With reference to your letter No L 40909-11/ML. 189-43-8 dated 27-4-1944, regarding the introduction of the scheme for composting town refuse into manure and calling for the opinion of the Municipal Council in the matter of affording facilities for imparting training to the Sanitary Inspectors, I have the honour to state that action has to be taken on the following two points.

1. Deputing a sanitary Inspector of this Municipality to undergo training in compost making

2. As required by the Bio-Chemist the following three bits of land have to be acquired for conducting the - experiment

(a) 3/4 acre of land to the immediate north of the Galimut belonging to Hut channa

(b) 2 acres of land belonging to Jodidar, Cultivated now by one Mr Thayappa.

(c) 1 acre of land to the immediate east of Galimut, which is adjacent to the Magadi Road

As called for, a report has been submitted by the Health Officer stating that it is not possible to spare the services of any of the existing Sanitary Inspectors and suggesting the appointment of an additional Sanitary Inspector on Rs 55-4-87, on the ground that the present establishment is absolutely inadequate, if compost, on a commercial scale, is to be undertaken. He has also recommended the acquisition of the land required by the Bio-Chemist for conducting the experiment

The matter was placed before the Municipal Council who, at their meeting held on 13-9-1944 have sanctioned the acquisition of the lands and the appointment of a Sanitary Inspector on Rs. 55-4-87. A copy of the Council resolution is herein enclosed

I request that sanction of Government may kindly be obtained for the entertainment of an additional Sanitary Inspector on Rs. 55-4-87 as resolved by the Council. The Municipal Engineer has been asked to send plans and valuation statements in respect of the properties proposed to be acquired. On receipt of the same, further action will be taken in the matter

I have the honour to be,
Sir,

Your most obedient servant,

Forwarded with compliments

C. Narayanaswamy Naidu
Legal Remembrancer & Secretary to Govt.

SIR

Subject - Compost making scheme

25517
Sub
8/

With reference to your letter No L 6328 dated 26-12-1944, enquiring whether the appointment of the Sanitary Inspector cannot wait till after the acquisition proceedings are completed, I have the honour to state that compost on a small scale is already being manufactured in the Municipal sewage farm near the Kempambudhi Tank, under the direction of a Sanitary Maistry. It is now proposed to start compost-making on a much bigger scale at 3 other centres, utilizing the entire night soil of the City. A suitable plot of ground for one such centre has been already selected by the side of the Magadi Road and steps are being taken to acquire this plot under Section 17 of the Land Acquisition Act. It is necessary to have the Sanitary Inspector at once, not only to direct the operations in the Kempambudhi sewage farm, but also to make the preliminary arrangements for starting compost-making at the other centres. Further, the Director of Public Health will take sometime to select and post a competent Sanitary Inspector for the purpose. In the foregoing circumstances, I request that sanction to the appointment may be kindly accorded now alone.

I have the honour to be,
Sir,
Your most obedient servant,

K. Subba Rao
Municipal Commissioner
